

Thank you to everybody that has expressed interest in the 2026 Northeast Challenge (NEC). As you all can see we have more and more people interested in this event year after year, which means it's harder and harder to find the fairest way to choose which players go.

For this year, we will be doing a live stream event that will randomly draw teams for each of the formats. For instance, if there are 20 teams interested for the Team 8-Ball event, we will draw all 20 teams randomly and that will be your assigned number. Then we will move onto the next format and this will repeat until we have drawn all of the names for each of the formats.

For example, if we have 5 Team 8-Ball slots available then we will reach out to the first 5 captains on that list to confirm they still want the slot. We will work our way down the list until all the slots have been filled.

Because of the overwhelming interest we would like to get as many different players as possible to participate. We will also be instituting the following; If you are drawn for a format that receives a slot, you will automatically be put behind all captains that have not received a slot for all the other formats that you signed up for.

This is something new that we will be trying this year and we encourage any and all feedback as to how the process went.

The order that we will draw on the live stream will be:

1. 8-Ball Team
2. 9-Ball Team
3. Triple Play
4. Jack & Jill 9-Ball
5. Ladies 8-Ball
6. Seniors 8-Ball
7. Masters

Once all of the draws are completed, Pauline will start reaching out to all of the captains who received slots to confirm and will review all of the details and deadlines at that point.

REQUIREMENTS:

- All Captains and subsequent rosters must be players that are currently active in Maine APA, MUST remain active in the Spring 2026 Session and MUST remain active in the Summer 2026 Session
- All Players must have 20 scores in the last 2 years for the format they are looking to play in Masters players scores can be combined between 8 & 9-Ball or 10 Masters League scores.

Good Luck to ALL

8-BALL
